SUMMARY

MCA student with a strong foundation in Java, Data Structures, OOP, SQL, and modern web technologies. Experienced in developing responsive and scalable web applications using React.js, Next.js, Python, and MySQL. Strong problem-solving skills with an interest in software development, backend technologies, and AI-powered solutions. Eager to learn, contribute, and grow in a challenging software development environment.

EDUCATION

Master of Computer Applications (MCA)
GALGOTIAS COLLEGE OF ENGINEERING & TECHNOLOGY
2025-2027
Current SGPA: 8.22

Bachelor of Computer Applications
IIMT COLLEGE OF MANAGEMENT
2022-2025
73%(Best Academic Performer)

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML5, CSS3, SQL
Frameworks: React.js, Tailwind CSS, Bootstrap
Backend: Spring Boot, Node.js (Basic), Express.js (Basic)
Database: MySQL, MongoDB (Basic)
Tools: Git, GitHub, Maven, Postman, VS Code, Figma, Vercel
Concepts: OOP, DSA, DBMS, Operating System, Computer Networks, REST APIs

SOFT SKILLS

- Communication Skills
- Leadership
- Teamwork & Collaboration
- Conflict Resolution & Mentorship
- Adaptability & Quick Learning

WORK EXPERIENCE

Web Developer Intern | Rittz Digital

- Developed responsive business websites using React.js and Tailwind CSS.
- Collaborated with clients to gather requirements and deliver customized solutions.
- Optimized website performance and responsive layouts.
- Managed deployment using GitHub and Vercel.

PROJECTS

FitVision AI – Intelligent Fitness Coaching Platform
Tech Stack: Java | Spring Boot | React.js | MySQL | Spring Security | REST APIs | Python | MediaPipe | OpenCV |

- Developed an AI-powered fitness platform with secure user authentication, personalized workout plans, and progress tracking.
- Integrated AI-based pose detection to analyze exercise form, automatically count repetitions, and provide real-time posture correction through workout video analysis.
- Designed a scalable backend using Spring Boot and MySQL with RESTful APIs for seamless communication between the frontend and AI services.

ACHIEVEMENTS

- 03rd Place – National Level Hackathon
- Best Academic Performer (BCA)
- Basketball Team Captain
- Coordinated and organized technical hackathons and coding events.
